

15-305-W
Four Panel Plastic Barricade

15-305-BIL
Four Panel Plastic Barricade - Bilingual

PRODUCT DESCRIPTION

Wurtec's Safety Barricades provide a highly visible, easy-to-deploy solution for restricting access to hazardous work areas. Constructed from lightweight, high-impact plastic, each barricade features four folding panels in a bright safety yellow finish, making it ideal for elevator construction, maintenance, and service applications where temporary access control is required.

KEY FEATURES

- Bright safety yellow finish for maximum visibility
- Four-panel folding design for quick setup and compact storage
- Durable, high-impact plastic construction
- 42 in. high and extends up to 108 in. long

Available Options
