

PAD EYE WALL MOUNT

Product Description

70-10059357

The Wurtec pad eye wall mount is an anchor point for hoisting rails or other materials.

It may be mounted to the shaft wall using (4) 5/8" anchor bolts with a minimum embedment of 3-1/8".

After the pad eye has been anchored to the wall, a shackle and/or snatch block can be attached, allowing rails or other materials to be hoisted up the shaft.

Recommend for use with the Wurtec High-Speed Capstan (part no. 11-281).

WARNING: DO NOT MOUNT TO THE CEILING.

Specifications

- 3500-lb capacity
- Mounts to walls using (4) 5/8" anchor bolts w/ minimum embedment of 3-1/8"
- Max fleet angle: 15°

NOTE: The pad eye wall mount conforms to OSHA 1926.502 and serves as an approved anchor point for fall protection for one person. In compliance with OSHA 1926.502(d)(9), it meets the requirement that lanyards and vertical lifelines have a minimum breaking strength of 5,000 pounds (22.2 kN), ensuring reliable safety and durability in fall protection applications.
