

10-915-CERTIFIED

Certified 250-lb Weight Cart with
Weights

10-900-CERTIFIED

Certified 500-lb Weight Cart with
Weights

PRODUCT DESCRIPTION

Wurtec **Weight Carts** are purpose-built to deliver safe, accurate, and efficient load application for industrial testing environments. Designed for durability and maneuverability, these carts provide a secure and organized solution for transporting calibrated 50-lb test weights.

Available in both **250-lb and 500-lb** configurations, Wurtec Weight Carts combine rugged construction with practical design features that simplify handling, improve mobility, and protect your investment.

Weight carts are available with or without weights, and **certified weight carts** can be ordered for applications requiring documented load verification and accuracy.

KEY FEATURES

- Available in 250-lb and 500-lb capacities using standard 50-lb test weights
- Heavy-duty steel construction designed for industrial testing environments
- Smooth-rolling 8-inch wheels with roller bearings for controlled mobility
- Designed for safe, stable transport and load handling
- Modular design allows carts to be purchased with or without weights
- Includes integrated locking bar, padlock, and two keys for added security
- Non-certified carts maintain a weight tolerance of $\pm 5\%$, applicable to both loaded and unloaded configurations
- 250-lb and 500-lb certified weight carts, offering documented load accuracy within $\pm 2\%$ of the advertised weight, are available for verification and quality control purposes. **Certification applies ONLY to the total loaded cart weight*
