

Tirak Wire Rope Climbers

Part No. XE1020P

Description

The TIRAK® wire rope scaffold hoists are specially manufactured for lifting personnel in a suspended platform system. For that purpose, they are UL classified.

Key Features TIRAK® hoists are:

- Powerful, fast, and lightweight.
- Simple, rugged, and reliable.
- Unlimited lifting height.
- Constant speed on any height.
- Gentle for its wire rope.
- Emergency descent with a mechanical emergency descent device.
