

PIT LADDER

Part No. 20-103-08
8' Pit Ladder

Product Description

The redesigned Wurtec **Pit Ladder** offers unmatched versatility for elevator pits. With a width of 17.13", it fits easily into confined spaces while remaining comfortable to climb. Durable yet lightweight, it's available pre-assembled or disassembled for cost-effective shipping. Fully adjustable, the ladder meets all A17.1 code requirements.

Key Features

- **Durable Materials:** Galvanized steel and aluminum resist corrosion.
- **Modular Sizes:** Standard lengths from 8 ft to 20 ft, extendable in 2 ft increments.
- **Adjustable Fit:** Rungs adjust 4.5" to 7" from wall.
- **Safe & Lightweight:** Non-slip aluminum rungs; 8 ft ladder weighs just 15 lbs.
- **Custom Options:** Custom widths available with short lead times.
- **High Load Capacity:** Rated for up to 300 lbs.
- **Code-Compliant:** Meets A17.1a-2008 standards for elevator pits.

Benefits

- **Quick Assembly:** Ships compactly for easy delivery or pre-assembled by request.
- **Space-Saving Design:** Ideal for tight pit spaces.

Part No.	Length	Max Pit Depth	Weights (lbs)
