

CROSSHEAD CLEVIS

Part No. 11-270
Crosshead Clevis

Product Description

Rated at 5 tons (4526 kg), the crosshead clevis eliminates the need for wire rope slings. Simply unbolt, place around the crosshead channel, install, and tighten the bolt. Attach the hook from the chain fall or any other hoisting means.

This clevis saves time and improves safety. It fits up to a 12" (305mm) slip channel.

Part No.	Capacity	Weight
