

Golo Mounting Plate

Part No. 100100

Description

With this 5/8" thick, 7" X 12" mounting plate mounted to your Golo winch you can easily anchor the winch without removal of the hoist cable. The mounting plate can be used as template for drilling mounting holes. Plated for protection against the elements. All joining hardware is included.

Part No.	Description	Weight
100100	Golo Mounting Plate	14.7 lbs. (6.7 kg)
