

Ratchet Bracket, Dual Line 5/8" and 3/4"

Part No. 10-182

INSTRUCTIONS

1. Bolt the bracket to the back of the rail or to the pit channel using rail clips and standard hardware. Make sure that the rail you are bolting to is properly aligned and insure that the ratchet bracket is positioned so that the piano wire locating holes on the bracket are equidistant from the rail centerline.
2. Swing open the ratchet handle and feed your plumb line through the desired locating hole and into the ratchet slot.
3. Tighten the line using the Ratchet Handle.
