

1ALU0808B
1-Ton Aluminum Gantry

PRODUCT DESCRIPTION

Wurtec Aluminum Gentries provide a lightweight, portable lifting solution for construction, maintenance, and material-handling applications. Their all-aluminum construction makes them easy to assemble, disassemble, transport, and reposition, making them especially well suited for service trucks and jobsites where equipment must be moved frequently.

Available in capacities from 1 to 3 tons, the gantries offer multiple span and height configurations to accommodate a wide range of lifting requirements. Corrosion-resistant construction supports use in refrigeration areas, clean rooms, and other controlled environments, while adjustable dimensions provide the flexibility needed for changing field conditions.

KEY FEATURES

- Lightweight construction improves portability.
- All-aluminum design resists corrosion.
- Available in 1-, 2-, and 3-ton capacities.
- Multiple span and height configurations are available.
- Maximum under-beam height reaches 12 ft. 2 in.
- Standard span options extend up to 12 ft.
- Designed for frequent assembly and disassembly.
- Weights start at approximately 150 lbs.
- Suitable for refrigeration areas and clean rooms.
- Ideal for service trucks and mobile lifting applications.
