

NSR-2168R

Xtreme Lumens™ Multi-Purpose LED Work Light - Rechargeable

MARKET APPLICATIONS

Automotive, industrial, hardware/tool

DESCRIPTION

The Nightstick Xtreme Lumens™ Rechargeable Multi-Purpose LED Work Light is all about super-bright hands-free lighting. The floodlight has two brightness modes, high at 600 lumens and low at 225. The single push button body switch located on the handle controls all lighting modes. The NSR-2168 has three heavy-duty magnets built into the light, one at the tip one at the mid-point of the body and one built into the base for multiple hands-free uses. The flat-bottom design of the handle means the light will stand up on most flat surfaces, and the octagonal shape to the handle keeps the floodlight aimed in the correct direction when you lay the light on its side. Further adding to the work light's hands-free features is the detachable magnetic hook. It can be attached to either the body or tip magnets and can be rotated 360 degrees for even more hands-free versatility. The integrated Lithium-ion battery can be recharged with the included AC or DC power supply/charger.

CASE MATERIAL

Housing - Glass-filled nylon polymer - Red

DIMENSIONS

Length: 14.6in (371mm) • Handle diameter: 2 inches (51 mm)

WEIGHT

Weight: 12.2 oz. (347 g) with batteries installed.

LENS

Unbreakable polycarbonate - Clear

LIGHT SOURCE

Cree® LED. Impervious to shock with a 50,000 hour lifetime.

LIGHT OUTPUT

Dual-brightness Floodlight High - 600 Lumens, Low - 225 Lumens

ON/OFF

Single switch push button - High / Low / Off

RUN-TIME

Floodlight High - 4.5 hrs, Floodlight Low - 12.5 hrs

BATTERY

Integrated Lithium-ion battery

CHARGING

AC & DC wall power supply/charger. Charges in 6 hrs (typical)

FEATURES

- Xtreme Lumens™ design
- Dual-brightness Floodlight – 600/225 Lumens
- 3 heavy-duty integrated magnets, one at the tip of the light, one at the mid-point of the body, and one in the base
- Magnetic hook can be attached to either the body or tip magnets and can be rotated 360 degrees
- Octagonal body design keeps the light in place when laid on its side
- Flat bottom design allows the light to stand up
- User-replaceable lens
- Water resistant
- Impact & chemical resistant
- Powered by integrated Lithium-ion battery
- Includes both AC & DC power supply/charger and detachable magnetic hook

WARRANTY

*Limited 1-Year Warranty • Bayco Products, Inc. warrants this product to be free from defects in workmanship and materials to the original purchaser for one (1) year from the date of purchase, and includes the LEDs, housing, lenses, electronics, switches, rechargeable batteries and chargers. Bulbs (other than LEDs) are covered for ninety (90) days from the date of purchase. Disposable non-rechargeable batteries are excluded from this warranty. Normal wear and failures which are caused by accidents, misuse, abuse, faulty installation and lightning damage are also excluded.
